

Jihyoung Jang

jihyoung@postech.ac.kr

RESEARCH INTEREST

NLP, Multimodal, Conversational Model, Vision-Language-Action Model

EDUCATION

Pohang University of Science and Technology (POSTECH)

Pohang, South Korea

Ph.D. in Artificial Intelligence

Feb 2023 – Present

Our lab was based at **Ulsan National Institute of Science and Technology (UNIST)** from Feb 2023 to Jan 2025, and relocated to POSTECH in Feb 2025.

Handong Global University (HGU)

Pohang, South Korea

B.S. in Artificial Intelligence, Computer Science and Engineering

Feb 2019 – Feb 2023

PUBLICATION

1. **Jihyoung Jang**, Taeyoung Kim, Hyounghun Kim, “*Mixed-Session Conversation with Egocentric Memory*,” Findings of the 2024 Conference on Empirical Methods in Natural Language Processing (EMNLP 2024 Findings) [[Paper](#)] [[Project Page](#)]
2. **Jihyoung Jang**, Minseong Boo, Hyounghun Kim, “*Conversation Chronicles: Towards Diverse Temporal and Relational Dynamics in Multi-Session Conversations*,” Proceedings of the 2023 Conference on Empirical Methods in Natural Language Processing (EMNLP 2023 Main) [[Paper](#)] [[Project Page](#)]
3. **Jihyoung Jang**, Hoyoon Choi, Gun-woo Lee, Myung-seok Choi, Charmgil Hong, “*An Automated Production System Design for Natural Language Processing Models Using Korean Pre-trained Model*,” Proceedings of the 34th Annual Conference on Human and Cognitive Language Technology, pp. 613-618, 2022.
4. **Jihyoung Jang**, Charmgil Hong, “*Automated Topic Classification of the News Articles on North Korea and Korean Unification*,” Korea Computer Congress 2022, pp. 2126-2128, 2022.

RESEARCH EXPERIENCE

Language & Intelligence Lab

Fab 2023 – Present

Graduate Student, Lab Representative

Advisor: *Hyounghun Kim*

Handong Artificial Intelligence Lab

Sep 2019 – Dec 2022

Research Assistant

Advisor: *Charmgil Hong*

TEACHING EXPERIENCE

Teaching Assistant @ POSTECH

Special Topic: Large Language Models (Spring 2025)

Teaching Assistant @ UNIST

Artificial Intelligence (Fall 2024, Fall 2023), Principles of Deep Learning (Spring 2023)

Teaching Assistant @ HGU

Database System (Spring 2022), C Programming Laboratories (Fall 2020)

OTHER EXPERIENCE

LG Electronics LDC PBL Program Assistant	Jul 2024 – Aug 2024
AI Novatus Academia PBL Program Assistant @ UNIST	May 2023 – Sep 2024
Freshmen Mentor @ HGU	Feb 2020 – Dec 2020
Vice Director, Student Government @ HGU	Aug 2019 – Dec 2020

HONORS & AWARDS

Bronze Award, 2024 Open-Source Software Developer Contest	Dec 2024
Best Poster Award, 2024 UNIST AI Technology Open Workshop	Sep 2024
Research Project Contest (prize \$4,000), UNIST	Apr 2023
Best Undergraduate Student Paper Award, KIISE	July 2022
Achievement Award, Handong Global University	Jan 2021

SERVICES

Reviewer: ACL Rolling Review (ARR), COLING

SKILLS

Programming Language: Python, C/C++, Java, R, SQL
Library: PyTorch, TensorFlow, Hugging Face
Other: Linux, Docker, Kubernetes, Elasticsearch, MongoDB, Flask
